Gary,

I'm not sure why this wasn't already entered, but I put it in the database this morning. You can email Dana that it is ready for uploading.

Sorry about that,  
Karla

Gary,

I have uploaded all of the water quality data for Crandall Canyon and West Ridge from the pipeline into the database. Reports are attached.

You are still missing a sample for DH86-2. Please get it submitted as soon as possible, no later than the end of business on the 15th.

Please let me know if you have any questions.

Thank you,

The second quarter 2004 water monitoring data for West Ridge and  
Genwal  
has been entered into the database and is ready to up load.
